ULTRA THIN DESIGN REMOTE MANAGEMENT PLATFORM CUSTOM MADE APPLICATION

Large interactive digital signage / information kiosks contributes to convert advertising to sales and provide valued customer services. Standard solutions inform and entertain customers, reduce perceived wait-time, increase traffic and repeat visits; increasing sales potential and the customer experience.

The contemporary design complements the large portrait LCD, providing a sophisticated digital showcase for products, events, advertising, and more. Application options can be deployed in places where common people can interact with it at their own convenience.

The ZLK series offers a diverse range of such products with varied size and feature.
